

How Sweet It Is!

A Victory Celebration

A 3 year old fight by local residents and members of the Ironbound Committee Against Toxic wastes has made the N.J. Department of Environmental Protection finally see the light! The DEP has turned down SCA's plans to build their toxic waste incinerator, because of SCA's past history of air, land and water pollution.

A **VICTORY PARTY** will be held on Saturday, October 1 to celebrate this victory against more toxic wastes in our community.

A spaghetti dinner will be served, followed by entertainment and speaking by local residents. Videotapes from past debates between the Ironbound community and executives from SCA will be shown.

Come celebrate with us! By working together, we can win the struggle against other toxic waste facilities threatening our community (like At Sea Incineration).
